Digital Development
...
the next 10 years

9th March 2018

Isabelle Roy – Global Affairs Canada
The digital economy is...

| A. Providing Opportunities | B. Deepening Divides |
Ensuring inclusion for women, poor and marginalised
Ensuring inclusion for women, poor and marginalised
Ensuring inclusion for women, poor and marginalised

Being a woman is a determinant in using ICTs
Canada is doing it differently:
Canada is doing it differently:
Canada is doing it differently:
Ensuring inclusion for women, poor and marginalised
